**2012 Spring Scholarship Application
Must be postmarked by January 15th**

- ✓ This application is for a need/merit based partial scholarship to attend the 2012 spring session at Math Support Services.
- ✓ Please take the time to fill this application out in its entirety, and answer all questions completely and accurately.
- ✓ This scholarship will be evaluated based on all factors including your goals, achievements, academics, extra-curricular activities and financial need.
- ✓ If you are chosen as a finalist you may be asked to participate in a personal interview before decisions are rendered.
- ✓ Complete applications will be given first consideration in the selection process.
- ✓ All students who would like to be considered for a need-based partial scholarship must provide details as to why they feel they should receive the scholarship.
- ✓ ONE partial scholarship will be awarded per high school.
- ✓ Scholarship decisions will be made by February 6th. Math Support will notify the recipient via email by February 7th.

Spring Scholarship Application

Last Name _____ **First Name** _____

Email _____ **Contact Number** _____

School of Attendance _____ **Grade Level** _____

Current GPA _____ **Class needed** _____

Please submit the following information with your scholarship application:

- Unofficial copy of your current junior high or high school transcripts.
- Math Support Services' complete fall registration packet including: Transferable course application, credit card form, class syllabus, & unofficial transcript.
- All students who would like to be considered for a **need-based** scholarship must provide details as to why they feel they should receive the scholarship.
- Letter of Recommendation** from a teacher or counselor. An excellent letter of recommendation can increase your chances of receiving a scholarship. Teachers/Counselors can email their recommendation to peggy@mathsupportservices.com

Please answer the following questions on a separate piece of paper

In 200 words or less, what are your goals and why do you feel you deserve this scholarship? What makes you interesting and unique? Do you have any special talents?

1. List all extra-curricular activities and dates of participation.
2. List all awards you have received.
3. List any volunteer/community service activities and dates of participation.
4. List leadership activity involvement.

CONFIDENTIALITY: Information supplied on all scholarship applications is understood to be confidential. The applicant and their parent agree that Math Support may reveal their identity once they are selected as a recipient. Contents of scholarship applications may also be revealed and discussed by Math Support faculty, selection committees and/or funding sources. You may also submit a photograph (optional).
