

Maximize Your Test Taking & Study Skills!

Join Us For A Workshop!

Math Support Services is a single subject private school specializing in tutoring for secondary mathematics. We also offer requisite course work not available through traditional programs, and an alternative to traditional summer school for students seeking college preparatory math classes.

- Identify if you suffer from Math Anxiety
- Maximize your test taking strategies
- Sharpen study techniques and memory skills
- Learn tips on note taking
- Learn to control nervousness and fear
- Maximize concentration and focus

Sunday, May 29th 2:30-3:30 pm

Please tear off and return to Math Support Services' Office
